CFS/D Pre-Commencement Ceremony and Reception May 25

On Saturday, May 25, before Commencement, we will have our CFS/D Pre-Commencement ceremony from 9:00-11am in Gym 147. Dr. Rabolt, Dept. Chair, will preside and Dean Don Taylor will be keynote. Please wear your graduation regalia. Seating will be first come-first served starting at 9:00am for “seated” tickets and 9:45am for “standing-room” ticket entry. Refreshments follow outside the gym. Students should arrive for a 9:00am photo shoot in the back of the gym. Those who applied for graduation should have received a letter from Dr. Rabolt. An RSVP is required to participate. Due to limited space and our large number of graduates, not all guests can be accommodated (graduates do not require tickets). Dr. Gus Vouchilas and his committee are working hard to make this a great event. This is a great opportunity to serve your fellow students who are receiving their degrees. Juniors should volunteer. If you are interested, please contact Dr. Vouchilas at gusv@sfsu.edu.

Apparel Design and Merchandising News

Runway 2013 Ignite: The ADM students, in collaboration with students from Broadcast & Electronic Communications Art, and Design & Industry produced the 19th annual student fashion show, on Thursday, May 2 at the San Francisco Design Center Galleria. Incorporated into the over 100 individual looks and 15 lines, this Runway show, sponsored by the Fashion Network Association (FNA) presented reconstructed and up-cycled designs from clothing donated from Goodwill Industries and discarded tablecloths from the San Francisco Hotel Initiative. Through this experience, emerging designers make a statement on the problem of over-consumption within the fashion industry and a sustainable solution to the excess waste created through the production and purchase of apparel. Attendees voted for Most Creative Line: Katie Campbell and Kiana Loo. Most Marketable: Iris Chu. Congratulations!

Students in ADM 569 Visual Merchandising and Promotion, taught by Dr. Connie Ulasewicz, created and installed exhibits for the St. Vincent dePaul Discarded to Divine event at both the deYoung Museum and the Gensler Showroom in April. The event raised funds for Wellness Center, a place for individuals struggling with addiction and mental health issues.

Congratulations Ivana: Ivana Markova receive her Ed.D in international & multicultural education from the University of San Francisco. Her dissertation is: The effects of academic and non-academic instructional approaches on student engagement and language development.

Yakata Workshop: Three faculty from Japan brought different patterned and sized yakata for a workshop in which ADM 561 students learned the complex method of dressing in the traditional way. Dr. Hiroko Kawabata, Saitama University, Dr. Yoyoi Satsumoto, Yokohama National University, and Dr. Hideko Saito of Yamanashi Prefectural University visited SFSU with several of their students to teach ours this method. What a great experience for all. Dr. Kawabata was a visiting professor hosted by Dr. Rabolt several years ago.

Interior Design News

The Advanced Interior Design Solutions class held their annual exhibit, Design Week 2013, from April 29-May 1 at the S. F. Design Center Galleria. This year’s theme was “Inspire,” and was comprised of a variety of works to include student designed and built “People Units” which were an accompaniment to kiosk designs (that included biomimetic processes or influences in their designs) and served a human needs purpose such as sitting, leaning, or kneeling. The People Units were constructed by hand and were required to include recycled and/or up-cycled materials and concepts. Eight works included in the exhibit were also displayed at the “Up-cycled” exhibit at The Gallery in the Cesar Chavez Center this spring. These units were design by Vera Anderson, Kayla Dizon, Emily Gaydon, C.J. Lee, JeRevien Riebeson, Felicia Rivera, and Alisa Tom. The exhibit, executed under the guidance of Dr. Gus Vouchilas, included student design and construction of the display units, floral arrangements, as well as the design of graphics and invitations. Students, families, friends, alumni, designers, and faculty attended the reception. Special thanks to the San Francisco Design Center for their continued sponsorship of the ID program at SFSU and for providing our students with the opportunity to showcase their work at the Center. Thanks also to the vendors and donors for their generous donations for this year’s reception.

Interested in Editing the CFS/D Student Newsletter?

Who: Ideally, the president of a student association, but could be anyone who wants to be involved in the department.

What: Learn publishing software; gather and publish student news

How: Take a CFS 699 for 1 unit with Dr. Rabolt next semester. If you are interested, see her ASAP.
Congratulations to Christine Batten, voted our CFS/D distinguished undergraduate and Elena Zidura, our CFS/D distinguished graduate student. Congratulations to Wanda Siu-Chan who is the recipient of the Bay Area Dietetic Association's Distinguished Service Award, May 2013, Oakland, CA.

We look forward to having Gretchen George join us in Fall 2013 as a tenure-track faculty member. Gretchen is receiving her PhD from UC Davis this month. More information on Dr. George in the September newsletter.

Congratulations to interns completing the Dietetic Internship Graduate Certificate Program this year. A job well done. You are now ready for the RD exam. Good luck!

**Interior Design Italy and Greece Trip**

Dr. Karen Johnson-Carroll and 30 students, and their families and friends flew off for a ten day tour of Italy and Greece during Spring Break, 2013. Students took two guided tours of Rome visiting the Sistine Chapel, Vatican Museum, St. Peter’s Basilica, Colosseum, Roman Forum, Trevi Fountain (into which they all threw coins...), Roman Pantheon, Spanish Steps, etc. After their experiences in Rome, they travelled to Pompeii to visit that ancient city’s archeological site, then boarded a night ferry to sail to Greece where they visited Delphi, the Delphi Museum, and the Temple of Apollo. They travelled to Athens, where they took a guided tour seeing the Olympic Stadium and visiting the Acropolis. They took many, many pictures of themselves in front of the Parthenon, and the Athena Nike. Some students went on to shop in the Plaka district, and others travelled to Cape Sounion to see the Temple of Poseidon and watch the sun set. All arrived home very tired and with cameras filled with their experiences. Dr. Karen Johnson-Carroll is planning a similar tour to London and Paris over next year’s Spring Break. For further information, please email her at: johnsonC@sfsu.edu.

**CFS 543/743 Sustainability in the Textile, Housing, and Food Industries**

The CFS 543/743 Sustainability class donated their time to the SFSU Sustainability efforts during the last class meeting of this semester. Students planted native plants along the bike path between Thornton Hall and the field, and helped educate people in the Student Union as to what bins their trash belongs, whether Compost, Recycle, or Landfill.

Planting seedlings: Dormisha Ellison and Annie Steiner wrestle a plant into the ground.
UPCYCLING EXHIBIT AT THE ART GALLERY, STUDENT CENTER

Interior Design and Apparel Design & Merchandising students participated in an exhibit entitled “upcycling” which was on display in the Art Gallery at the Cesar Chavez Student Center from April 2 through April 22, 2013. Dr. Connie Ulasewicz and Carolyn Ho were curators for the exhibit. Projects from ADM and ID classes taught by Gus Vouchilas, Adrian Leong, Gail Baugh, and Nancy Rabolt comprised the exhibit. A clothing swap was also part of the experience where anyone could bring in a clothing piece they were ready to part with and swap with something “new.” There was also a participatory art installation where visitors contributed to the creation of a new garment.
ADM 561 students prepared illustrations for an exhibit in BH 334 which ran from November 26-December 7, 2012. Illustrations included designs inspired by cultures from around the world and historical periods. It also gave apparel design students the opportunity to display their exaggerated designs which in some cases were created in Adrian Leong’s ADM 661, Apparel Design Problems. Students also were encouraged to create designs based on art exhibits. Van Tran experimented with theater costume designs. Her illustration (on the right) was inspired by Rudolf Nureyev’s exhibit of Romeo and Juliet's ballet costumes.

ID 240 Color and Design Exhibits: Food for the Gods and Greek and Roman Mosaics

Color and Design students presented their 2013 Spring Semester designs in BH 334 during the week of May 16-22 in an exhibit entitled Food Designs Fit for the Gods. Dr. Halbe’s ID 240.03 students presented cultural restaurant light boxes and mosaics patterned after food paintings by famous artists. Greek and Roman mosaics shown by Dr. Fehrman’s ID 240.02 students are in Burk Hall’s third floor hallway. Lava Flow sculpture located on the hillside across from the parking garage was developed by Dr. Fehrman’s ID 240.02 class.
